

Masooque Ali Siddiqui

Aspiring Data Scientist

<https://whodoibenow.github.io>
masooque1@gmail.com
India ~ Worldwide / Remote

Career Objective

Looking for opportunities to learn and enhance my technical know-how.

Projects

Face Mask Detection App

AUG 2021 - SEP 2021

Designed a responsive landing page for mask detection
Implemented transfer learning of Xception from Keras with CNN
Used Flask as the web-framework
Project deployed at <https://facemaskdetectionapp.herokuapp.com>

Mail Spam Detection

SEP 2021 - SEP 2021

Trained an email spam detection model
Applied NLP and NLTK libraries
Used Naive Bayes to train and make predictions
Project deployed at <https://spamdetectionwebsite.herokuapp.com>

Education

Bachelor's in Civil Engineering — Jawaharlal Nehru Technological University, Hyderabad

JULY 2014 - July 2018

Higher Secondary — Saifee Hall G.J.E.P.S, Kolkata

JUNE 2011 - AUG 2013

Secondary — The Scholar E.M.H.S, Islampur

JUNE 2010 - AUG 2011

Skills

Python

Data Science

Exploratory Data Analysis

Machine Learning

Deep Learning

Flask

SQL

Languages

English - Proficient

Hindi - Proficient

Bengali - Proficient

Achievement

Secured a rank of 125 at
Kaggle's Digit Recognizer
Competition
